MaleCNS anatomy · BLOCKED

No authentic requested SWC geometry is available in this build.

SKELETON RETRIEVAL BLOCKED

The official v1.0 per-body download failed in this environment.

No morphology, synapse positions, or anatomical crossings were invented.

Prepared groups: LB3b · LB3c · paper downstream · motors · combined paper circuit

Selected sugar downstream: BLOCKED — validated selection required

Prepared cameras: anterior · posterior · dorsal · lateral · interactive native 3D

Named camera orientation is UNVERIFIED; authoritative orientation evidence is also required.
See retrieval_manifest.json, the explicit body allowlist, and docs/ANATOMY.md.
